FIG. 5

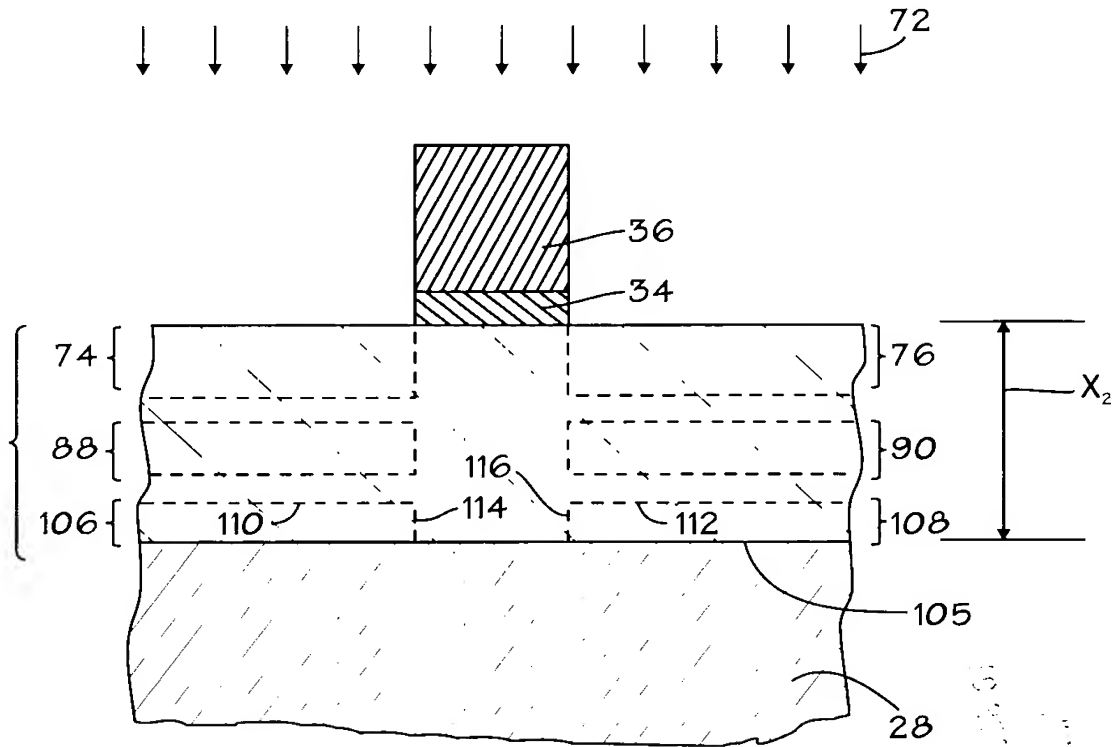

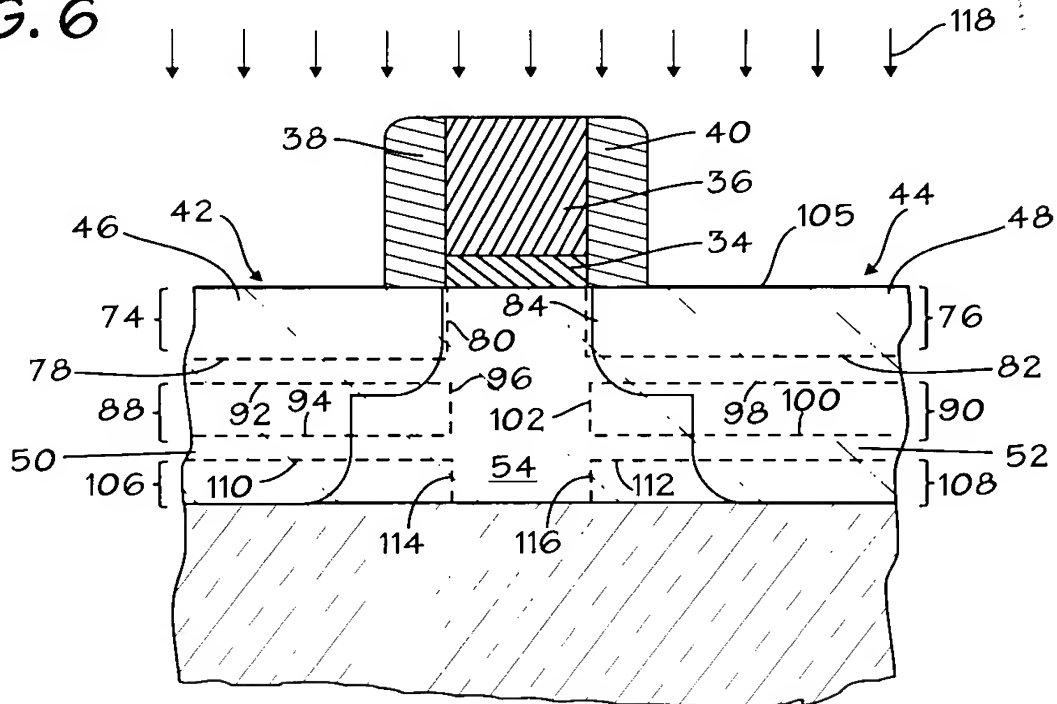

FIG. 6

This cross-sectional view shows a central block 36 with diagonal hatching, positioned on a substrate 28 with diagonal hatching. A layer 42 is situated above the substrate 28 and below the block 36. This layer 42 contains several features: 60, 62, 64, 66, 68, 70, 120, 122, 124, 126, and 54. A layer 44 is positioned above layer 42 and below the block 36, containing features 34 and 48. The entire structure is shown in a cross-sectional view with various hatching patterns for different materials.
